SUMBANGAN KHIDMAT PROF. MADYA DR. HABSAH BINTI MIDI KEPADA MAJLIS PEPERIKSAAN MALAYSIA

Dengan segala hormatnya izinkan saya merujuk kepada perkara di atas.

2. Sukacita dimaklumkan bahawa Y. Bhg. Prof. Madya Dr. Habsah binti Midi, pensyarah dari Jabatan Matematik, Universiti Putra Malaysia (UPM) merupakan **Ketua Penyelidik** bagi "**Laporan Kajian Pencapaian *Malaysian University English Test (MUET) 2002-2006***".
3. Kajian ilmiah ini telah beliau mulakan pada tahun 2007 dan telah berjaya didokumentasikan pada 26 Jun 2009. MPM juga telah mendapat kelulusan Y.A.B. Timbalan Perdana Menteri merangkap Menteri Pelajaran Malaysia pada 9 Mac 2010 untuk mengedarkan laporan kajian ini kepada awam.
4. Sebelum kajian ini berjaya direalisasikan, Y. Bhg. Prof. Madya Dr. Habsah binti Midi telah membentangkannya sebanyak empat (4) kali di hadapan ahli lembaga Majlis Peperiksaan Malaysia (Ahli Majlis) yang terdiri daripada 19 orang Naib Canselor universiti awam, Ketua Setiausaha Kementerian Pelajaran Malaysia (KPM), Ketua Pengarah Pelajaran KPM, Pengarah Lembaga Peperiksaan Malaysia, Ketua Eksekutif MPM, dan lima (5) orang yang dilantik oleh Yang di-Pertuan Agong pada tarikh seperti yang berikut:
 - (a) Pembentangan pertama pada 12 Februari 2007
 - (b) Pembentangan kedua pada 23 Julai 2007
 - (c) Pembentangan ketiga pada 5 November 2007
 - (d) Pembentangan keempat pada 11 Mac 2008

Ini membuktikan hasil kerja Y. Bhg. Prof. Madya Dr. Habsah binti Midi diikuti dengan penuh minat dan komitmen yang tinggi oleh Ahli Majlis. Laporan kajian ini, sesungguhnya telah memberikan manfaat yang banyak kepada pihak yang berkepentingan seperti KPM, Kementerian Pengajian Tinggi Malaysia, institusi pengajian tinggi awam (IPTA), dan agensi yang terlibat sama ada secara langsung atau tidak langsung dalam bidang pendidikan bagi mengetahui prestasi dan tahap kemahiran berbahasa Inggeris calon-calon MUET berdasarkan pelbagai faktor.

..2/-

5. Kejayaan Y. Bhg. Prof. Madya Dr. Habsah binti Midi mencurahkan sumbangan beliau dalam kajian ilmiah ini telah mendorong MPM menjemput beliau untuk memberikan ceramah kepada semua pegawai MPM dalam "**Bengkel Kaedah Pensampelan dalam Penyelidikan**" yang diadakan di MPM pada 27 Oktober 2009. Perkongsian ilmu beliau dalam bidang pensampelan kepada pegawai MPM amat besar maknanya bagi pelaksanaan tugas-tugas penyelidikan yang berkaitan dengan bidang pentaksiran pendidikan di MPM.

6. Sumbangan dan curahan jasa bakti beliau kepada MPM amat besar ertinya. Majlis Peperiksaan Malaysia menyokong usaha-usaha untuk menganugerahkan beliau sebagai penerima **Anugerah Akademik Negara 2009** di bawah kategori Anugerah Pengajaran bagi kelompok Sains Tulen.

Sekian, terima kasih.

CLOSING REMARKS

Throughout my forty one years career as a lecturer at the Universiti Putra Malaysia, I have been committed and shown great enthusiasm in my teachings, research, administrative and extension work, which is reflected from the confidence of colleagues and students alike, and through the additional awards and recognition I have received in forms of appointments. I have invested time and sweat to ensure that my teaching and research remains at par, relevant and in time with the globalized world. I experience great joy and great satisfaction when students can easily understand my teaching deliveries and my papers being published in journals. There are no words to express my feelings when poor students excel in their tests or examinations and my students obtain their degrees. I genuinely believe that a good teacher has to continuously show commitment to her work, be concern with their students' performances, and most importantly, be able to teach with clarity, passion and patience. Nothing means more to a student but the concern and commitment of a lecturer to their education, which in turn means burning the midnight oil and regularly skipping lunch! Not forgetting the relentless support from superiors, colleagues and supporting staff, for which I am most grateful. However, my heartfelt thanks and gratitude must go to my husband and children, without whom, I would be nothing. I am most thankful to ALLAH for His blessings and making me the recipient of a life generous with love and support. For all who have touched my life so graciously, they have indeed touched my heart, for which I am forever indebted.
